

MAJUSCULE

2022 | GARÇON CABERNET SAUVIGNON

A true monopole wine from a single Cabernet Sauvignon clone, crafted from one carefully selected lot in the Wildcat Vineyard on Mount Veeder. The 2022 vintage reflects the depth and structure typical of this rugged hillside appellation. Careful vineyard selection and attentive harvest decisions ensured balance and concentration in a compact and challenging growing season. Refined tannins provide structure and poise, while vibrant acidity carries the wine through a long, persistent finish. Built for aging, it will continue to evolve gracefully in the cellar.

We craft elegant, small-lot wines from Napa Valley's Mount Veeder.
